

A close-up photograph of a person's hand holding a white pen with a black tip, poised over a set of architectural blueprints on a table. The person is wearing a light blue shirt and dark trousers with a brown belt. The background is softly blurred, showing a wooden chair and a window with light streaming in. A semi-transparent teal square is overlaid on the right side of the image, containing the text.

Design works.
Our approach.

Design works. Our approach.

From the initial approach from our clients, William Hunt Consulting have their requirements at the forefront of all design works provided.

Sustainability / efficacy.

Sustainability and impact on the environment is at the heart of our design works when considering a proposal. Finding the right solution that has minimal impact in the environment in relation to landfill, steel manufacturing, concrete production and excessive transportation is at the core of William Hunt Consulting.

Design offering.

Our range of design capabilities include:

- Soil Nailing
- Rock Anchors
- Piled Internal R.C. Drop Needle Slabs
- External Piled R.C. Needle Beams
